Message from the Elementary Principal

Welcome back to the 2023-2024 school year! We hope that you are excited and ready to begin another great year of learning here at Berlin Elementary School. Please read the information in this handbook. It will answer many questions that you might have about procedures during the school year.

Please read carefully the homework, dress code, and behavior policies. Full district policies can be obtained on the district website @ www.bbsd.com. As always, if you have any questions please call 814- 267-4623.

Forward

The purpose of this handbook is to allow parents and students to have a better understanding of our school. This understanding will result in creating a team that will insure the best possible education for our children. Please keep this handbook as a reference throughout the year.

Equity

The Berlin Brothersvalley School District is an equal opportunity educational institution and will not discriminate on the basis of race, color, national origin, sex and handicap in its activities, programs, or employment practices as required by Title VI, Title IX and Sections 504.

For information regarding civil rights or grievance procedures, contact Dr. David Reeder, Title IX and Section 504 Coordinator at 1025 East Main Street, Berlin PA 15530 (814-267-4621). For accessibility and use of building by handicapped persons, contact Dr. David Reeder, Support Coordinator (814-267-4621).

Adopted May 2, 1991 - Berlin Brothersvalley School District Board of Directors

BBSD.com***

Attendance

Student Arrival Time

Students who are required to enter school before 8:00 a.m., (as a result of school related activities, tutoring, etc.), will be registered by the appropriate teacher, administrator, etc. As a rule, students should not arrive prior to 8:00a.m. Any student entering the building prior to 8:00 a.m. must report to the building principal's office as would any visitor. The administration of the BBSD requests your cooperation with this procedure in the interest of security and safety of our students, staff and facilities.

Attendance Policy

Regular school attendance is vital to the school's academic achievement. Patterns of regular and faithful attendance that carry over into adult life and post high school responsibilities must be strongly encouraged. Every effort should be taken to schedule medical and dental appointments at times other than during school hours. Lack of continuity disrupts instruction for the individual and the class.

The school laws of PA permit an excused absence for the following reasons: Personal illness, Recovery from an accident, Death or illness in the family, Observance of a religious holiday, Family educational trips with prior approval or other absences approved by building administrator.

NOTE: It is the duty of the Principal to file charges before a magistrate against any parent or guardian whose child has more than the equivalent of 6 illegal days of absence. For more detailed information visit the schools web site at www.bbsd.com.

1. Immediately on the day a student returns to school after an absence, the student should present an excuse signed by his/her parents/guardian, to the building secretary. A maximum of ten (10) days of cumulative lawful absences verified by parental notification shall be permitted during the school year. All absences beyond ten (10) cumulative days shall require an excuse from a licensed physician.
2. If for some reason excuses for absences are not turned in immediately upon a student's return to school, a grace period of three (3) days will be granted. If excuses have not been turned in by the third day, these days of absence will be marked as unexcused or unlawful.
3. When a student accumulates **seven (7) days of cumulative absence without a doctor's excuse, a form letter, "NOTICE OF IRREGULAR ABSENCE TO PARENTS/LEGAL GUARDIANS,"** WILL BE SENT BY REGULAR OR CERTIFIED MAIL TO THE PARENTS/GUARDIANS.
4. When a student accumulates **ten (10) days of cumulative absence without a doctor's excuse,** the home is notified by regular or certified mail that a **physician's statement** for each day must accompany all subsequent claims of illness to be ruled excusable.

Unlawful or Unexcused Absences

1. When a student accumulates three (3) days of unlawful absences, the first official notice of unlawful absence will be delivered by regular or certified mail or in person by the principal.
2. If a student accumulates three (3) days (consecutive or nonconsecutive), of unlawful absences following the first notice, a second notice will be delivered by mail.
3. Upon the accumulation of the seventh day of unlawful/illegal absence, a notice is filed with the District Justice for issuance of summons and hearing.

Tardiness

Tardiness and/or unapproved early departure from the school day will accumulate towards unlawful/illegal days. Students arriving after the late bell (8:20 am) but before 8:45 am will be considered tardy. Those arriving after 8:45am will be marked as a half day absent.

Extracurricular Activities

Students must be present for the entire school day in order to participate in a practice, game, or activity that day. Students may be excused for doctor and dental appointments or family emergencies approved by a building administrators.

Educational Travel

Students may be excused from school for educational travel for a period of FIVE SCHOOL DAYS PER YEAR, providing the child has no failures. Assignments should be obtained prior to leaving and the student should study assigned materials so he/she may re-enter classes with minimum education disruption. Parents must fill out an Educational Travel Request form that can be picked up in the elementary office at least 1 WEEK PRIOR to the leave and make arrangements for the student's work to be completed. Students that have failing grades in core subjects will be denied any leave for travel. DO NOT plan Educational Travel during PSSA Testing Weeks in March, April or May. PSSA dates are posted on the school calendar and website.

Early Dismissal

Early dismissals will be granted upon written request from parent/legal guardian and turned into the building secretary the morning of early dismissal. This request must be signed by a parent or legal guardian and indication must be given of the date, time and purpose of the early dismissal. **PHONE CALLS WILL NOT BE ACCEPTED UNLESS IT IS AN EMERGENCY.** Students will be signed out in the office.

Missed Assignments

When a child misses class work due to absenteeism, efforts should be made to get the assignments and have them completed for the student's return to school. Parents must request homework assignments **BY** 9:00 a.m. In most cases, it is not necessary to request assignments for one day of absence.

Student Dismissal

Bus students will be escorted by their teachers to the bus parking lot exit. All other non-bus students will be dismissed by grade level teachers directly to parents. Kindergarten, grade 1 and grade 2 students will exit through the bottom doors of the K-2 wing and third and fourth grade students will exit the main doors of the elementary. Parents should park in the elementary parking lot and wait outside until approximately 3:20. At that time the doors will be unlocked and teachers will send students out one at a time to the waiting adult. Older siblings (in grades 5-12) may pick up younger siblings after third wave walking student dismissal. Please be prepared to show identification the first few weeks of school. **Parents are requested to back in the parking slots to park.** Disabled or physically handicapped students may be exempt from these procedures.

Continual phone calls by parents for dismissal changes are discouraged as they cause confusion for students and teachers.

Phone Calls

STUDENTS ARE NOT PERMITTED TO USE THE SCHOOL PHONES TO CALL HOME EXCEPT IN AN EMERGENCY. IE: FORGETTING A TEXTBOOK IS NOT AN EMERGENCY.

Daily Schedule

Student Arrival - 8:00-8:20

Tardy Bell - 8:20

Classes Begin - 8:25

Lunch Periods - 10:55-12:40

Visitors

Building Security

All entrances to the school are locked during the school day for the safety and security of our students, staff, and building. Visitors must use the doors at the main entrance by ringing the doorbell. The elementary secretary will release the door lock after visitors have identified themselves.

Adult and Parent Visitors

To insure the protection of students as well as quality education time, visiting parents and other adults must report to the office to secure a visitor's pass. Classes are not to be interrupted and teachers have been instructed to send any unauthorized visitor to the office.

Student Visitors

Berlin Brothersvalley does not permit student visitors in any district school.

Volunteers

Parent volunteers or community members who volunteer their time in the school on a consistent basis must have Act 34 and 151 Clearances. Forms for obtaining these clearances are available in the elementary office. Volunteers must also receive a TB test.

PTSO

The Parent Teacher Student Organization is a group that seeks to strengthen the bond between school and community. PTSO sponsors various activities throughout the school year to raise funds that are used for student activities. Fund raising activities include book fairs, the Christmas bazaar, and a school wide fundraiser. PTSO funds have been used to purchase playground equipment, software for the elementary computer lab, and provide funds for field trips. We will continue to collect Box Tops for Education. All parents are asked to become active members in this organization that does so much for our school.

Dress Code

One of the most important lessons education should teach is self-discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness and efficiency. It is the key to good conduct and proper consideration for other people. Students are to dress and groom themselves so as to meet fair standards of safety, health, school-to-career goals and objectives, so as not to cause disruption to the educational process in the building and classroom. All clothing shall be neat, clean, and acceptable in appearance and shall be worn within the bounds of decency and good taste as appropriate for school.

Guidelines

Inappropriate Dress-Wearing tube tops, halters, see-through items, cut-off tops or jeans, short mini -skirts, hats, sunglasses, headsets, wallet chains, tank tops, metal cleats, tops and shirts advertising alcoholic beverages, drugs, gang logo and/or colors, or those with obscene, sexual innuendos, or questionable printing are not permitted in the building. Shorts and skirts are to be of modest length as determined by administration and staff. As a general guideline, shorts and skirts should come to the end of your child's fingertips. Spandex or biker's shorts, cut-offs of any type, ragged or holey, skin-tight, or see-through shorts are not acceptable. All shorts or trousers must be worn at waist level, at the top of the hips. Excessively baggy shorts and trousers, that could be considered unsafe, and/or a disruption to the educational process in the building and classroom, will not be permitted. No undergarments should show. There should be no exposed mid-section or cleavage, and tops must overlap pants, skirts, and shorts when standing or sitting. Elementary students must refrain from wearing flip-flops or high-heels. Students should wear tennis shoes to school. If students do not wear tennis shoes to school, they should bring a pair to change into for recess and gym. They will not participate in gym or recess without proper footwear because of safety reasons.

The administration reserves the right to prohibit any item of clothing or jewelry that is considered potentially dangerous. Also, students who violate the policies on wearing apparel will be punished at appropriate levels of consequence. Upon violation of dress code, students will be issued clothes for the day by the school, or have parents bring in other appropriate clothing. Second and third infractions will lead to sequential consequences.

Petition for Exemption from Compliance to DRESS CODE is available in the office.

Student Belongings

Students should **mark** all personal belongings such as coats, lunchboxes, book bags, etc. with their names.

The following personal items are not permitted in school:

- Electronic Personal devices, games, or toys
- Radios or headsets
- Radio controlled toys
- Inappropriate reading material
- Laser pointers
- Beepers
- Hard balls (such as baseballs)
- Trading cards (baseball, pokeman, etc.)
- Paint balls
- Dart guns
- Squirt guns or containers/objects capable of squirting
- Any form of weapon or object that could be construed as a weapon

The final determination of whether an item is permitted in school will be made by the principal

Busing

Please be aware that the Bus Pass Policy will remain unchanged for the **2023-2024** school year. **Bus passes will not be issued.** The only instance when a bus pass will be issued is if there is a confirmed emergency and will require parental contact with the district. Contact the transportation director at 814-267-4621.

Bus Safety

All students have the opportunity to ride on a school bus during the school year, either for daily transportation to and from school or during field trips or extracurricular activities. Student safety is a priority for all involved and requires the full cooperation of pupils and parents.

Students should observe the following safety rules:

1. Be at the bus stop on time.
2. Stay away from the street while waiting for the bus.
3. Form a line and use the handrail when entering or exiting the bus.
4. Sit quietly and keep the aisle of the bus clear.
5. Only use the emergency door in an emergency.
6. Always walk away from the bus so the driver can see you and you can see the bus driver.
7. Never pick up items that were dropped near the bus. Ask the bus driver for help.

Backpacks

Backpacks, book bags, etc. may be carried to school but must be placed in the classroom.

Bus Conduct

FIRST OFFENSE: a verbal warning by the bus driver and principal.

SECOND OFFENSE: parent/guardian will be notified by a letter from the office.

THIRD OFFENSE: bus transportation will not be provided for a period of time up to ONE WEEK. If the child is not in school, the parent/guardian will be fined according to the School Code.

FOURTH OFFENSE: the child will NOT be permitted to ride the school bus for the remainder of the school year.

Food and Beverages

School Buses/Daily Routes - If food or beverages are permitted on school buses, students should follow bus rules in the handling and disposal of these items.

School Buses/Field Trips or Extra Curricular - Food and beverages are permitted on school buses during field trips and extra curricular activities only under the prior approval and supervision of chaperones or advisors. Only unopened cans or sealed containers will be permitted. Glass containers of any type are prohibited.

Personal Items

Please refrain from sending flowers or balloons to your child at school. This is a nice gesture, but results in problems in the classroom and in transportation home.

Field Trips

Guidelines

1. An adequate number of RESPONSIBLE CHAPERONES will attend.
2. Students are to maintain a high standard of behavior. Teachers will not hesitate to bring the group back to school if appropriate behavior is not maintained.
3. Chaperones may sit throughout the bus for better student control.
4. Parent permission slips for every student must be on file in the office.
5. Liability and school policies do not allow other than students and designated chaperones to ride buses. A roster of all passengers must also be available on request.
6. All elementary field trips will return all students back to the elementary building. Buses are not permitted to make stops at various locations along the route home to discharge students.
7. Field trips are the full responsibility of the teachers. Teachers will organize and monitor all activities accordingly.
8. Field trips are an extension of the school day and, therefore, all rules, policies and guidelines that apply to in-school activities will be applicable.

P.L.A.N.

PA Legislative Animal Network

On July 9, 1992, Governor Robert P. Casey signed into law Act Number 1992-88, an act amending the Public School Code of 1949. Section 15-1523, Title 24, PA Consolidated Statutes, entitled Pupil's right of refusal: animal dissection, gives all students in public or non-public schools, from kindergarten through grade twelve, the right to "refuse to dissect, vivisect, incubate, capture or otherwise harm or destroy animals or any parts thereof as part of their course of instruction."

The amendment also states that "the school shall notify incoming pupils and their parents or guardians of the right to decline to participate in an education project involving harmful or destructive use of animals and to authorize parents or guardians to assert the right of their children to refuse to participate in those projects. Notice shall be given not less than THREE (3) WEEKS prior to the scheduled course exercise which involves animals."

Cafeteria

Accounts

The cafeteria uses a computerized system for accounting purposes for student meals. Each student will receive a PIN (personal identification number) at the beginning of his/her school career at Berlin for tracking cafeteria accounts. The same number will be used by the student as long as he/she attends Berlin Brothersvalley School.

Students should bring money or checks (preferable) to be placed in their individual accounts in a sealed envelope marked with the student's name and PIN. Students may pay weekly, monthly, or yearly for breakfast and/or lunch. The cafeteria will send a statement of the student's account to parents upon request. **A New Student Debt policy** is located to the school website under the Food Services link, please read this information concerning our new policy for the school year. A hard copy of this policy is available upon request. **The cost of breakfast is \$1.40 full pay and \$.30 reduced. The cost of lunch for students in K-4 is \$2.00 full pay and \$.40 reduced. (Subject to Change!)**

Using the Cafeteria Computer System

The cafeteria has a computerized point-of-sale (POS) cashier system. Each student will have money on account ahead of time. After the student goes through the lunch line he/she types in his/her pin number into a small black number pad. When the cashier brings up the pin number on the screen, the student's picture and information is displayed. From this screen the cashier can sell the student a lunch or breakfast. The price of lunch or breakfast will come directly from the student's account. The picture serves as a security measure to prevent students from accidentally charging items to someone else's account. Full paid, free and reduced students go through the line in the same manner. The system knows the student's meal status and charges them the correct amount. Account information is kept confidential.

All students will need to keep money on account if they want to purchase additional food items that are not part of the regular menu. Our system, www.myschoolbucks.com, allows parents to go to the school web page, click on School Bucks and make deposits with a debit or credit card. **CAFETERIA ACCOUNTS MUST BE PAID IN FULL IN ORDER FOR CHILDREN TO PARTICIPATE IN END OF THE YEAR ACTIVITIES.**

Breakfast Program

Breakfast is offered to all students in the elementary school. Students will be permitted to enter the serving line between 8:00 and 8:15 a.m. Students must be in homerooms by 8:20am.

Kindergarten Breakfast Program

All students in kindergarten receive breakfast daily free of cost. Kindergarten students will be served breakfast each morning with their class at 8:35.

Student Wellness Policy

The student Wellness Policy has been updated and is located on the school website under the Food Services link. Please read this update concerning our policy for the school year.

A hard copy of this policy is available upon request.

Guidance Services

Guidance Services

The BBES school counselor assists students, parents/guardians, teachers and administrators in addressing student's social, academic, and career needs. Through classroom guidance lessons on social emotional learning, students learn about growth mindset, goal setting, emotion-management, empathy and kindness, and problem solving. Students also begin career exploration and learn about using technology responsibly. The school counselor can meet with students individually or with a group. Students may ask to visit the counselor or be sent through a teacher or parent/guardian request.

The main goals of the elementary guidance program are to help students develop:

- A growth mindset
- The ability to make good decisions
- The ability to manage their emotions
- The ability to get along well with others

Additional questions regarding the elementary guidance program or to request that your child meet with Jenna Hankinson, the school counselor, please call (814)267-4623 or email jhankinson@bbsd.com.

Grading and Testing

The purpose of the school testing program is to determine overall strengths and weaknesses in the education program in order to plan for instruction.

Testing is also a tool used in diagnosing the student's strengths and weaknesses in school-related tasks. Tests, along with other pertinent data, are a means of identifying where the child is currently functioning academically (i.e. his/her instructional level) and how he/she is progressing academically in comparison with his/her peers.

Students in Grades K, 1, 2, 3 and 4 are assessed in the fall, winter and spring with DIBELS 8th Edition: Dynamic Indicators of Basic Early Literacy Skills.

Students in Grades 3 and 4 will take the Exact Path Diagnostic Test in reading and math in the fall, winter, and spring to establish their own learning path. They will also take the Math and Reading PSSA. Grade 4 students also take the Science PSSA.

GRADING (1-4)

Grading Scale for Grades 1, 2, 3 & 4

A+	=	98 - 100%
A	=	96 - 97%
A-	=	94 - 95%
B+	=	91 - 93%
B	=	87 - 90%
B-	=	84 - 86%
C+	=	81 - 83%
C	=	73 - 80%
C-	=	70 - 72%
D+	=	67 - 69%
D	=	63 - 66%
D-	=	60 - 62%
E	=	50 - 59% (passing with extraordinary effort)
F	=	0 - 58%

Student progress reports will be sent home at the end of each **nine** week grading period.

Title I Services

Berlin Elementary School is considered a Schoolwide Title I School. All students can be provided with services through supplemental instruction by the Title I teacher and/or assistance in the regular classroom by a district Title I aide or classroom teacher.

Home and School Involvement Compact

The Berlin Brothersvalley Elementary School, and the parents of the students participating in activities, services, and programs funded by Title I, Part A of the Elementary and Secondary Education Act (ESEA), agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high standards.

This school-parent compact is in effect during school year 2023-2024.

School Responsibilities

The Berlin Brothersvalley Elementary School will:

1. Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's student academic achievement standards.
2. Hold parent-teacher conferences (at least annually in elementary schools) during which this compact will be discussed as it relates to the individual child's achievement.
3. Provide parents with frequent reports on their children's progress.
4. Provide parents reasonable access to staff.
5. Provide parents opportunities to volunteer and participate in their child's class, and to observe classroom activities.

Parent Responsibilities

We, as parents, will support our children's learning in the following ways:

1. Monitoring attendance.
2. Making sure that homework is completed.
3. Monitoring amount of television my children watch.
4. Volunteering in my child's classroom.
5. Participating, as appropriate, in decisions relating to my children's education.
6. Promoting positive use of my child's extracurricular time.
7. Staying informed about my child's education and communicating with the school by promptly reading all notices from the school or the school district either received by my child or by mail and responding, as appropriate.

Student Responsibilities

We, as students, will share the responsibility to improve our academic achievement and achieve the State's high standards. Specifically, we will:

1. Return neatly completed homework on time.
2. Attend school unless I am sick and be on time.
3. Pay attention, try my best, and ask for help when needed.
4. Show respect for myself, my school, and other people.
5. Be responsible for my work and my behavior.

Library Services

The goal of our school library is to support our curriculum, meet teachers' and students' needs, implement and familiarize students with library media technology and provide recreational reading.

No child should be in the library to exchange books during lunchtime.

Overdue Book Policy

Circulation of materials: Library books (except reference materials) will be checked out for one week and may be renewed twice. Reference books such as encyclopedias will be checked out for overnight use. Reference books may be renewed once. Overnight materials should be checked out between 3:00 p.m. and 3:10 p.m. Reserved books are held for one day only.

Library Fines: No fines will be charged for overdue books or magazines. A fine of twenty-five cents a day is charged for each day a reference book is overdue. Allowance will be made for absenteeism. Library materials will not be checked out to students who have books or magazines overdue, or if any overdue fine has not been paid. Circulation privileges will be limited for students who habitually return library materials late.

Accidentally damaged books should be brought to the library for repair. Lost and damaged books will be paid for by the student. If a book or magazine is lost, report it at once to the librarian. If the student is unable to locate it, he/she will be asked to pay for it.

***ALL library books must be returned or paid for in order for your children to participate in end of the year activities.**

Copyright Materials

The Board recognizes that it is illegal for anyone to duplicate copyrighted materials without permission. The Board further realizes that severe penalties are provided for unauthorized copying of audio, visual, or printed materials unless the copying falls within the bounds of the "fair use" doctrine. As an extension of this policy, regulations and guidelines are available from the principal's office.

Homework Guidelines

Homework is an important and integral part of the educational program of the school district. It is an extension of daily instruction for the purpose of reinforcement, enrichment and practice of skills and concepts developed in the classroom. As such, the following guidelines have been developed with student, teacher, principal and parent input and are an effort to represent a uniform approach to homework across the district.

Homework assignments may be assigned for any subject area. Emphasis is placed on mathematics, language arts (English, reading, spelling), science and social studies at the elementary level. As such, homework in these areas should be assigned on a regular basis. A minimal amount of homework may be assigned for weekends or holidays for elementary students. Homework assignments are intended for work at home; therefore, students should not expect to use class time to complete homework.

Teachers have a right to expect that homework assignments be completed promptly; teachers also have a responsibility to inform parents and to solicit their help when homework assignments fall below the expectations of the teacher. Completion and quality of homework is part of the grading standard. If students do not have homework complete, the teacher has the right to keep those students in from recess or from attending specials. Homework, as independent practice, is a crucial component of high quality instruction. Principals and teachers are encouraged to work for communication and cooperation between the home and the school regarding homework.

Time Guidelines for Homework

The amount of time actually spent on homework varies from grade to grade and student to student. The following are approximate time recommendations for daily homework assignments:

KINDERGARTEN - Specific daily assignments and time spent reading with your child.

FIRST GRADE - 10 minutes and reading with your child.

SECOND GRADE - 20 minutes and reading with your child.

THIRD GRADE - up to 30 minutes

FOURTH GRADE - up to 40 minutes

Complaint Procedures

It is the desire of this school district to keep teachers involved in the decision making process as much as possible. Therefore, any complaint/concern regarding a teacher should be brought first to the attention of the teacher by the party issuing the complaint/concern.

If a satisfactory solution of the problem cannot be reached with the teacher, parents and students, you may contact the building principal for a solution.

If the building principal is unsuccessful in proposing a satisfactory solution to the student or parent problem, the concern may be taken to the superintendent.

Whenever the superintendent cannot resolve the matter to the satisfaction of the student or parent, policy matters may be taken to the Board of Education providing that the request to be heard by the Board has been made to the superintendent five days before the next regularly scheduled board meeting.

All appeals of administrative procedures and non-policy matters stop at the superintendent level and may not be appealed to the Board of Education.

Federal Educational Rights and Privacy Act (FERPA)

1. Have the right to inspect and review a student's education record and the procedure to do so.
2. Can seek to amend inaccurate or misleading information contain in a student's education record and how to do that.
3. Must consent to the disclosure of personally identifiable information except as otherwise authorized by stature.
4. Have the right to file a complaint with the Family Policy Compliance Office (FPCO) at the Department of Education. Additional information is available on FPCO's web site- www.edgov/policy/gen/guid/fpc.

Protection of Pupil Rights Amendment (PPRA)

The protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires Berlin Brothersvalley School District to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's parents;
2. Mental or psychological problems of the student or the student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility

A more comprehensive report of your rights under FERPA or PPRA is available, upon request, at Berlin Brothersvalley School District office. If you have any questions on these policies, please contact Christy McMillen, Counselor-grades 9-12 at 267-4622, Mark Smith, Counselor-grades 5-8 at 267-6931, or Jenna Hankinson, Counselor-grades K-4 at 267-4623.

Revised 2/19/04

Medication Administration

(REVISED 1/10/89)

The school district recognizes that parents have the primary responsibility for the health of their children. Although the district strongly recommends that medication be given in the home, it realizes that the health of some children requires that they receive medication while in school.

Physicians should be made aware of the problem associated with giving medications in school and arrange for medication to be administered before and/or after school hours whenever possible. When medication must be administered during school hours, the following procedures shall be followed in order to insure the student's safety, to prevent mistakes, illegal acts or subjection to possible liable situations for school nurses, administrators and the school district.

ALL FORMS SHALL BE SUBMITTED AND PROCEDURES FOLLOWED REGARDING THE DISPENSING OF MEDICATION.

Epinephrine Auto-Injector:

The Pennsylvania Public School Code, Section 1414.2(g) allows parents/guardians to request and exemption to the administration of an epinephrine auto-injector for their student. In order to request this exemption, contact the school nurse to make an appointment to discuss this decision, review and sign the opt-out form.

Delivery of Medication

Any medication to be given during school hours must be delivered directly to the school nurse. The medication must be brought to the school in the original pharmaceutically dispensed and properly labeled container. Consent forms for prescription medication should be signed and accompany the medication.

Administering Prescription Medication During School Hours

Only a written request signed by the parent and the prescribing physician will be accepted and must include:

1. Date
2. Child's Name
3. Diagnosis
4. Medication
5. Dosage
6. Time to be administered
7. Termination date for administering the medication
8. Other medication being taken at present (prescription and non-prescription)
9. Any particular condition or circumstance relating to this patient that should cause school personnel not to administer the medication
10. Any particular side effect relating to this patient that school personnel should make special effort to inquire about or to observe
11. Physician's phone number

The initial dosage of medication shall have been administered either at home, the physician's office, or the hospital except in life threatening situations. In this case, the initial dosage may be administered in school. "Initial dosage" refers to the first dosage administered from the prescription.

Medication Administration Continued

Non-Prescription Medication

Non-prescription medication for students in grades K-4 that must be given during school hours must be sent in its original properly labeled container and accompanied by a written request signed by the parent or guardian and a medication order signed by a licensed prescriber or it WILL NOT be given during school hours. Medication may NOT be sent on the bus or in student backpacks. Information on the request shall include:

1. Date
2. Child's name
3. Reason for giving the medication
4. Name of the medication
5. Dosage
6. Time to be administered
7. Termination dates for administering medication
8. Other medication being taken at present time (prescription and non-prescription)
9. School activity restrictions

Head Lice "No Nit" Policy

Due to rapid communicability of head lice and the chance of re-infestation, the Berlin Brothersvalley School District has adopted this Head Lice No-Nit Policy.

STUDENTS HAVING LICE OR NITS SHALL BE EXCLUDED FROM SCHOOL UNTIL THEY ARE ABSOLUTELY FREE OF BOTH LICE AND NITS. UPON EXCLUSION, INFORMATION FOR TREATMENT WILL BE PROVIDED BY THE SCHOOL NURSE. STUDENTS WILL NOT BE PERMITTED IN SCHOOL WITH NITS IN THEIR HAIR EVEN THOUGH PARENTS CLAIM THEY HAVE BEEN TREATED.

Absences beyond 3 days will be considered unlawful.

Upon returning to school, it is recommended that a parent accompany the child for examination by the school nurse for re-admission into school.

Personnel Responsible for Administering Medication

1. The school nurse will be the person to administer or supervise the self-administration of all medication.
2. A prescription drug log will be kept on any student receiving medication during school hours.

Supply of Medication

A single day's supply may be sent for short-time illnesses. One two-week supply for long-term illness or medication that is given on a daily basis throughout the school year may be sent.

For long-term medication, a written re-authorization by parent and prescribing physician will be required on the first day of each school term.

Storage of Medication

1. Prescription medication will be kept in a locked cupboard in the nurse's office in the elementary school's health room.
2. In grades K-4, individualized plans will be made for the administration of medication by the school nurse.

Technology Guidelines

General Principles

When a student at our school accesses computers and computer networks owned or operated by our school district, he/she assumes certain responsibilities and obligations. All access of this type is subject to school policies and to local, state and federal laws. Berlin Brothersvalley expects that student use of computers provided by this school will be ethical and will reflect academic honesty. Students must demonstrate respect for intellectual property, ownership of data, system security mechanisms, and rights to privacy.

Guidelines

As a student, you are expected to make appropriate use of computer resources provided by Berlin Brothersvalley. You must:

1. Use computer resources only for authorized purposes following established procedures.
2. Be responsible for all activities on your assigned computer.
3. Access only files and data that are your own, which are publicly available, or to which you have been given authorized access.
4. Use only legal versions of copyrighted software.
5. Be considerate in your use of shared resources.
6. Abide by the acceptable Internet use policy.

Students must not make inappropriate use of computer resources provided by our school. The following are non-exhaustive actions that are considered inappropriate:

Using another person's password; using another person's programs to decode passwords or to access control information; attempting to circumvent or subvert system security measures; engaging in any activity that might be harmful to systems or to any information stored thereon, such as creating viruses, damaging files or disrupting service; making or using illegal copies of copyrighted software, storing such copies on school systems or sending them over networks; using mail service to harass others; wasting computing resources; engaging in any activity that does not comply with the general principles listed at the beginning of this document, violating the regulations of the Berlin Brothersvalley School District regarding appropriate use of the Internet.

Our school considers any violation of appropriate use principles or guidelines to be a serious offense and reserves the right to copy and examine any files or information that may suggest that a student is using school computer systems inappropriately. Violators are subject to disciplinary action by school officials following the district discipline policy that may include in-or-out-of-school suspension. Offenders may also be prosecuted under laws including, but not limited to the Privacy Protection Act of 1974, the Computer Fraud and Abuse Act of 1986, the Computer Virus Eradication Act of 1989 and the Electronic Communications Privacy Act.

The Berlin Brothersvalley School District will observe all copyright restrictions applicable to computer use.

District Webpage

The district web page is available on the Internet at www.bbsd.com. The following information can be found on the web page:

School Bulletins	Staff e-mail
Calendars	Teacher Lesson Plans
Menus	PTSO Information
Alumni Page	Administration/Business
Excuses	Office Information

Each student must turn in a completed Student Internet User Contract to the classroom teacher to be permitted to access the internet.

Parent or Guardian consent for students to use G Suite for Education

Parents/Guardians,

At Berlin Brothersvalley School District, we use G Suite for Education, and we are seeking your permission to provide and manage a G Suite for Education account for your child. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Berlin Brothersvalley School District, students will use their G Suite accounts to complete assignments, communicate with their teachers, sign into Chromebooks, and learn 21st century digital citizenship skills.

The notice below provides answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the G Suite for Education account?

Please read it carefully, let us know of any questions you may have, and then sign below to indicate that you've read the notice and give your consent. If you don't provide your consent, we will not create a G Suite for Education account for your child. Students who cannot use Google services may need to use other resources to complete assignments or collaborate with peers.

I give permission for the Berlin Brothersvalley School District to create/maintain a G Suite for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice below.

Thank you,

Martin Mudry
K-8 Principal

G Suite for Education Notice to Parents and Guardians

This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts.

Using their G Suite for Education accounts, students may access and use the following "Core Services" offered by Google (described at https://gsuite.google.com/terms/user_features.html):

- Gmail
- Google+
- Calendar
- Chrome Sync
- Classroom
- Cloud Search
- Contacts
- Docs, Sheets, Slides, Forms
- Drive
- Groups
- Google Hangouts, Google Chat, Google Meet, Google Talk
- Jamboard
- Keep
- Sites
- Vault

Learn more about what Additional Services are, and how they differ from Core Services, in the Help Center at <https://support.google.com/a/answer/6356441>. In addition, we also allow students to access certain other Google services with their G Suite for Education accounts. Specifically, your child may have access to the following "Additional Services":

- Google Earth
- Google Photos
- Google Play
- YouTube

Google provides information about the information it collects, as well as how it uses and discloses the information it collects from G Suite for Education accounts in its G Suite for Education Privacy Notice. You can read that notice online at

https://gsuite.google.com/terms/education_privacy.html You should review this information in its entirety, but below are answers to some common questions:

What personal information does Google collect?

When creating a student account, the Berlin Brothersvalley School District may provide Google with certain personal information about the student, including, for example, a name, email address, and password. Google may also collect personal information directly from students, such as telephone number for account recovery or a profile photo added to the G Suite for Education account.

When a student uses Google services, Google also collects information based on the use of those services. This includes:

- device information, such as the hardware model, operating system version, unique device identifiers, and mobile network information including phone number;
- log information, including details of how a user used Google services, device event information, and the user's Internet protocol (IP) address;
- location information, as determined by various technologies including IP address, GPS, and other sensors;
- unique application numbers, such as application version number; and
- cookies or similar technologies which are used to collect and store information about a browser or device, such as preferred language and other settings.

How does Google use this information?

In G Suite for Education Core Services, Google uses student personal information to provide, maintain, and protect the services. Google does not serve ads in the Core Services or use personal information collected in the Core Services for advertising purposes.

In Google Additional Services, Google uses the information collected from all Additional Services to provide, maintain, protect and improve them, to develop new ones, and to protect Google and its users. Google may also use this information to offer tailored content, such as more relevant search results. Google may combine personal information from one service with information, including personal information, from other Google services.

Does Google use student personal information for users in K-12 schools to target advertising?

No. For G Suite for Education users in primary and secondary (K-12) schools, Google does not use any user personal information (or any information associated with an G Suite for Education Account) to target ads, whether in Core Services or in other Additional Services accessed while using an G Suite for Education account.

Can my child share information with others using the G Suite for Education account?

We may allow students to access Google services such as Google Docs and Sites, which include features where users can share information with others or publicly. When users share information publicly, it may be indexable by search engines, including Google.

Will Google disclose my child's personal information?

Google will not share personal information with companies, organizations and individuals outside of Google unless one of the following circumstances applies:

- With parental or guardian consent. Google will share personal information with companies, organizations or individuals outside of Google when it has parents' consent (for users below the age of consent), which may be obtained through G Suite for Education schools.
- With Berlin Brothersvalley School District. G Suite for Education accounts, because they are school-managed accounts, give administrators access to information stored in them.
- For external processing. Google may provide personal information to affiliates or other trusted businesses or persons to process it for Google, based on Google's instructions and in compliance with the G Suite for Education privacy notice and any other appropriate confidentiality and security measures.
- For legal reasons. Google will share personal information with companies, organizations or individuals outside of Google if it has a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary to:
 - meet any applicable law, regulation, legal process or enforceable governmental request.
 - enforce applicable Terms of Service, including investigation of potential violations.
 - detect, prevent, or otherwise address fraud, security or technical issues.
 - protect against harm to the rights, property or safety of Google, Google users or the public as required or permitted by law.
 - Google also shares non-personal information -- such as trends about the use of its services -- publicly and with its partners.

What choices do I have as a parent or guardian?

First, you can consent to the collection and use of your child's information by Google. If you don't provide your consent, we will not create a G Suite for Education account for your child, and Google will not collect or use your child's information as described in this notice.

If you consent to your child's use of G Suite for Education, you can access or request deletion of your child's G Suite for Education account by your child's building office. If you wish to stop any further collection or use of your child's information, you can request that we use the service controls available to limit your child's access to features or services, or delete your child's account entirely. You and your child can also visit <https://myaccount.google.com> while signed in to the G Suite for Education account to view and manage the personal information and settings of the account.

What if I have more questions or would like to read further?

If you have questions about our use of Google's G Suite for Education accounts or the choices available to you, please contact your child's building principal. If you want to learn more about how Google collects, uses, and discloses personal information to provide services to us, please review the [G Suite for Education Privacy Center](https://www.google.com/edu/trust/) (at <https://www.google.com/edu/trust/>), the [G Suite for Education Privacy Notice](https://gsuite.google.com/terms/education_privacy.html) (at https://gsuite.google.com/terms/education_privacy.html), and the [Google Privacy Policy](https://www.google.com/intl/en/policies/privacy/) (at <https://www.google.com/intl/en/policies/privacy/>).

The Core G Suite for Education services are provided to us under [Google's Apps for Education agreement](https://www.google.com/apps/intl/en/terms/education_terms.html) (at https://www.google.com/apps/intl/en/terms/education_terms.html).

Berlin Brothersvalley Elementary Code of Conduct

Student Rights and Responsibilities

The staff of the Berlin Brothersvalley Elementary School believe that all children and adults have certain rights and responsibilities. Given positive learning experiences, reinforcement, and consequences, we believe that children can learn to make responsible decisions and take appropriate action. We believe that parents, staff members and community members have a responsibility to model and teach appropriate behavior to our students.

We realize that some types of student behavior will require disciplinary procedures. Discipline, however, is not the same as punishment. Because the dictionary defines discipline as "training that develops self-control, character, or orderliness and efficiency," we believe that discipline should be viewed as a teaching opportunity to help train our students to develop the self-control and character needed to make responsible decisions about their actions.

Objectives, Principles, and Goals

The objectives of the Berlin Brothersvalley Elementary School Code of Conduct Plan are:

1. To promote belonging
2. To define limits
3. To develop responsible behavior
4. To develop skills in recognizing and resolving conflict
5. And to support instruction.

The principles guiding rule development in the elementary school are:

1. All students and staff have a right to a safe, peaceful, and healthy environment.
2. All students have the right to learn and all teachers have the right to teach.
3. Students and staff will be respectful of one another, school property and the property of others.

Our goal is to provide students with an appropriate learning climate as well as the tools for successful living, both as children and, later, as adults.

General Rules and Expectations

Students learn more and develop a sense of pride when they are a part of a productive, orderly, safe learning environment. Each student in our school will be made aware of general school rules and expectations and will be held accountable for his/her actions, behavior, and conduct at school and school sponsored events. Appropriate behavior is expected, and inappropriate behavior will be subject to established consequences.

Scope of Plan

The Code of Conduct is designed to allow teachers and students flexibility in developing classroom behavior management systems that meet individual classroom needs. Commendable behavior will be recognized by classmates, staff, district, and community members. Inappropriate behavior will be addressed at the classroom, building, or district level.

Berlin Brothersvalley Elementary Code of Conduct Continued

General School Rules

Students shall:

1. Show respect to self and others.
2. Be considerate and courteous to other students and adults by not swearing, making inappropriate gestures, or engaging in verbal, physical, or unlawful harassment, or any form of physical confrontation.
3. Follow the directions given by school personnel and other authorized adults.
4. Follow all adopted rules for the cafeteria, bus, playground, and classrooms.
5. Help keep our school clean and orderly.

Classroom Rules

Students throughout the Berlin Brothersvalley School District are expected to follow seven basic rules of behavior in the classroom. These rules have been established to promote a positive, educational setting for students.

Students will:

1. Obey all teachers and authorized adults.
2. Be seated in the classroom on time.
3. Be prepared daily with appropriate materials.
4. Raise his/her hand and be recognized to speak.
5. Keep hands, feet, and objects to oneself.
6. Be dismissed from the classroom by the teacher.
7. Show respect for self, others, and the school and the property of self, others, and the school.

Cafeteria Rules

Students shall:

1. Obey all teachers and authorized adults.
2. Remain seated until directed to empty trays.
3. Talk softly and not disturb others.
4. Clean up all trash and food on, under, and around the seating area.
5. Use good manners.
6. Not throw food or other objects.

Disciplinary responses to inappropriate behavior in the cafeteria will be determined by staff members monitoring breakfast and lunch.

Berlin Brothersvalley Elementary Code of Conduct Continued

Playground Rules

Students shall follow these rules:

1. Obey teachers at all times.
2. No fighting or physical confrontations.
3. Stay within playground boundaries.
4. Use appropriate language.
5. No name calling.
6. No throwing of rocks, snowballs, or other objects.
7. Swings-One person on a swing at a time; sit correctly; no twisting, standing, or swinging sideways; no jumping out of swings.
8. Bars-everyone goes the same way; no standing or sitting on top of bars.
9. Slides-One person on ladder, One person on slide at a time.
10. No tackle football.
11. No spitting.
12. Soccer, basketball, kickball, and other team games must be played responsibly without roughhousing. Teachers have the discretion to limit the number of students participating in activities if necessary.
13. Show respect for self, others, and the school and the property of self, others, and the school.
14. Appropriate footwear must be worn (ie. tennis shoes). Footwear such as flip-flops and high heels will not be permitted.

Acts of Misconduct Requiring Disciplinary Action

The following types of behavior may require disciplinary action by the classroom teacher or the principal depending on the severity of the behavior:

1. Refusal to follow directions or complete assignments.
2. Verbal, physical, or unlawful harassment.
3. Disruptive behavior- any act which interferes with the teaching/learning process.
4. Lying.
5. Use of inappropriate or vulgar language/gestures.
6. Stealing.
7. Defiance.
8. Using forged notes or excuses.
9. Fighting.
10. Vandalism-damaging school property or equipment.
11. Threatening another student or teacher.
12. Physical or verbal attacks on students or school personnel.
13. Extortion-obtaining money or possessions from other students under duress.
14. Leaving school grounds without permission.
15. Use of drugs and/or alcohol.
16. Possession of weapons or objects that could be construed as weapons.
17. Cutting school.
18. Bullying.

Disciplinary Responses and Procedures for Student Misconduct

District Policies

Violation of the following district policies will result in disciplinary action as described in the policy.

Dangerous weapons - School Board Policy 218.2

Weapons and replicas of weapons are forbidden on school premises. For the purposes of this policy, school premises means the school, school grounds, or any premises, grounds, or vehicles used for official school purposes.

Weapons shall include, but not be limited to firearms, knives, metal knuckles, straight razors, explosives, noxious, irritating or poisonous gases, poisons, drugs or other items fashioned with the intent to use, sell, harm, threaten or harass students, staff members, parents and patrons.

Any loaded or unloaded firearm or dangerous weapon possessed on or about a person while on district property is subject to seizure, forfeiture, and further disciplinary and/or legal action.

Action- Policy 218.2

The school district shall expel, for a period of not less than one year, any student who brings a weapon onto any school property, any school sponsored activity or any public conveyance providing transportation to a school or school sponsored activity. The Superintendent may recommend discipline short of expulsion on a case-by-case basis. In case of an exceptional student, the Superintendent shall take all necessary steps to comply with the Individuals with Disabilities Education Act.

Drug and Alcohol Policy and Administrative Guidelines - School Board Policy 227

Through the use of an up-to-date curriculum, classroom activities, community support and resources, a strong and consistent administrative and faculty effort, and rehabilitative and disciplinary procedures, the Berlin Brothersvalley School District will work to educate, prevent and intervene in the use and abuse of all drug, alcohol and mood-altering substances by the entire student population. As an extension of this policy, regulations and guidelines are available from the principal's office

Cheating—218.1

Students caught cheating (including un-permitted talking) during tests or other graded school work will receive an "F" and can receive no higher than a "C" as a final year grade. The student will also be suspended one to three days at administrative discretion for the above. (This guideline also includes "deliberate destroying/sabotaging test results" such as standardized tests.)

Electronic Devices and Cellular Phones

Students are not permitted to use electronic devices in school, on school property, at school-sponsored field trips and on buses or other vehicles provided by the school district. These include, but are not limited to: laptops, radios, tape and CD/DVD players, MP3 and iPod players, video games, headphones, universal remotes, laser pens, pagers, beepers and other portable devices. Cellular phones that have the capability to take photographs or record audio or video are not permitted to be used during the school day in the district buildings. The use of cellular phones is prohibited during school hours. In an effort to accommodate students involved in after-school activities, possession of a cell phone will be permitted under the following stipulations:

1. The cell phone must be in the off mode and not visible during the school day.
2. The use of cell phones will be allowed after the close of the school academic day

Students in violation of this rule will surrender the item and can pick it up at the end of the school day. A second offense will require a parent or guardian to sign a parental notification of the offense to pick the item up. A third offense will warrant detention.

District Policies Continued

Tobacco Policy and Regulations—School Board Policy 222

The Berlin Brothersvalley School district is dedicated to providing a healthy, comfortable and productive environment for staff, students, and citizens.

Curriculum related to tobacco use prevention will be developed and introduced to the elementary grade levels and given greater depth concentration at the secondary level.

Smoking and the use of tobacco products shall be prohibited in the school district buildings and on school property. The use of tobacco by students and/or personnel shall not be permitted within the school buildings, on school buses or on the school grounds, adjacent to the buildings, which shall include the parking lot and athletic fields.

The penalty for a student caught using tobacco products on school property shall be:

First offense - In-school suspension of one day and penalty according to state laws.

Second offense - In-school suspension of two days and penalty according to state laws.

Third offense - In-school suspension of three days and penalty according to state laws.

Students with three offenses will be required to participate in a smoking cessation program. The Board of Education will hold an INFORMAL HEARING with the student and parent or legal guardian as a result of repeated violations when requested by the Principal and the Superintendent.

Students are not permitted to carry cigarettes or tobacco products to/in school or on school property.

First offense- Suspension of one day.

Second offense-Suspension of two days.

Third offense- Suspension of three days.

Police and Agencies Conferencing with or Questioning Students - School Board Policy 225

Any outside agency may not meet with or question any student without the notification and approval of the building administrator. Under law, CHILDREN AND YOUTH SERVICES, have authority to question students on suspected abuse but are required to notify the building administrator.

State or local police in an outside investigation may not question a student without parent permission and the approval of building administration.

In a school initiated investigation involving the police, the building administrator will be present during questioning.

School Search and Seizure Policy-226

School authorities may search a student, his/her personal effects, lockers and vehicles, based on reasonable suspicion, and may seize any illegal, unauthorized, or contraband materials discovered in the search.

Searches conducted by the administrator may include, but not be limited to, utilization of certified drug dogs, metal detection units, or any device used to protect the health, safety and welfare of the school population. A student referral or failure to permit searches and seizures as provided in Policy 226 will be considered grounds for disciplinary action.

VIDEO SURVEILLANCE

The Berlin Brothersvalley School District believes that schools and other work sites in the district should be safe and secure to protect individuals and their property from harm. To this end, the Board supports the controlled use of video surveillance systems in the district. The Board also believes that the privacy of individuals should be protected; and, therefore, the use of video surveillance must be strictly monitored and controlled to ensure the protection of individual rights and compliance with federal and state laws addressing issues such as wiretapping/electronic surveillance and the privacy and disclosure of student records.

The purpose of this policy is to authorize the limited use of video surveillance systems in furtherance of the district's efforts to protect school property and the health, safety and welfare of the students and employees. When using video monitoring systems, the district must balance its need to protect persons and property with the privacy rights of students and employees. For more information on video surveillance, please see BBSD Policy #709.1."

Schoology and PowerSchool

Schoology is a Learning Management System (LMS) which Berlin Brothersvalley School District has implemented to enhance teaching and learning using technology to connect teachers, students, and parents. Every student and parent will be able to utilize Schoology to access all student learning data. In addition, it will provide a platform to continue learning if students are not physically in school buildings.

Schoology is owned by PowerSchool which is our Student Information System (SIS). This provides an optimal integration of information transfer. Parents can access their child/children's grades, attendance, and other school information through the parent portal on the school web page. Schoology is the next step in providing quality communication regarding student learning.

HOMELESS STUDENTS

The Berlin Brothersvalley School District is required to provide educational activities and programs to homeless children within our District's borders. Students can be homeless for a variety of reasons and the situations are not always easily identified. The Berlin Brothersvalley School District's Homeless Liaison responsibilities are currently assigned to Mrs. Danielle Hay, School Social Worker.

All questions regarding homeless students should be communicated to the District's Homeless Liaison. Children experiencing homelessness may be living in but not limited to the following situations:

- Doubled up (Living with another family)
- Living in a shelter, transitional housing, or awaiting foster care.
 - Living in a hotel/motel.
- Unsheltered (living in a car, park, campground or tent)

Children can become homeless due to but not limited to these precipitating events:

- Eviction
- Fire
- Hospitalization of parent/guardian
- Incarceration of parent/guardian
 - Left home/run away
 - Military
- Parental Job Loss
- Parent divorce/separation

If you become aware of any of the above listed living situation or precipitating events that have taken place with one of our students, notify the District's Homeless Liaison and Guidance Counselor immediately. Notification of school staff will allow resources and

supports to be supplied to the student. You will want to notify the appropriate personnel through a written statement.

Resources and supports may include:

- Transportation to school and/or school of origin.
- Educational evaluations and placement in appropriate programs.
 - Academic support programs such as Title I.
 - Medical, dental and vision referrals.
 - Free and reduced lunch program.
 - Enrollment Support.
- Referral to Social Work to support locating a residence and other social services.

Annual Public Notice of Special Education Services and Programs Services for Gifted Students and Services for Protected Handicapped Students

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth, including children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated. This responsibility is required by a federal law called the Individuals with Disabilities Education Act Amendments of 2004 (IDEA '04).

The IDEA '04 requires each state educational agency to publish a notice to parents, in newspapers or other media, before any major identification, location, or evaluation activity. The IDEA '04 requires this notice to contain certain information. Another federal law, the Family Educational Rights and Privacy Act of 1974 (FERPA), which protects confidentiality, requires educational agencies to notify parents annually of the confidentiality rights (FERPA regulations have been amended 9 times). Pennsylvania special education regulations require each school district to fulfill the IDEA '04 notice requirement by providing an annual public notice. To comply with the above requirements, following is the annual public notice for the school districts in the accompanying list.

The school districts in the accompanying list are required by the IDEA '04 to provide a free appropriate public education to children with disabilities who need special education and related services. (Note: The duty to identify, locate, evaluate and provide special education services to school-age individuals incarcerated in local correctional institutions rests with the school district within whose boundaries such an institution is located.) School age children who need special education and related services are identified as children with disabilities. These students have been identified as being in need of specially designed instruction and have one or more of the following physical or intellectual disabilities:

- *Autism**
- *Emotional disturbance**
- *Deafness**
- *Hearing impairment**
- *Specific learning disability**
- *Intellectual disability**
- *Multiple Disabilities**
- *Other health impairment**
- *Orthopedic Impairment due to chronic or acute health problems**
- *Speech and language impairment**
- *Visual impairment including blindness**
- *Deaf-blindness**
- *Traumatic Brain Injury**
- *Developmental Delay**

Early Intervention

The IDEA '04 requires the provision of a free appropriate public education to children with disabilities between 3 years of age and the school district's age of beginners. In Pennsylvania, a child between 3 years of age and the school district's age of beginners who has a developmental delay or one or more of the physical or intellectual disabilities listed above may be identified as an "eligible young child."

Eligible young children are afforded the rights of school age children with disabilities, including screening, evaluation, individualized education program planning, and provision of appropriate programs and services.

Potential signs of developmental delay and other risk factors that could indicate disabilities and the possibility that a child is an eligible young child could include: **By the age of 3:** not saying many words; not using 2 or 3 word phrases and sentences; not walking; awkward gait (walking); drooling; not able to answer "who" or "what" questions; not using utensil to feed self; **By the age of 4 (all of the above included):** not toilet trained; difficulty with directional words (in, on, under, out); not playing with other children; not able to draw a circle, cross or imitate a vertical line; not able to understand the child's speech most of the time; difficulty following simple two-step directions (pick up the paper and put it in the garbage); **By the age of 5 (all of the above included):** unable to answer "where" questions; unable to recall details from a story; not drawing a person with at least 6 parts; immature speech patterns (me instead of I); not able to hop forward with one foot without support; **Other warning signs-at any age:** Little or no eye contact; over/under sensitivities to pain, light, noise; hand flapping; no awareness of space-always bumping into other people or things; awkward hand or foot positioning; won't touch or eat certain textures; child no longer can do things he/she used to do; developed normally, then stopped; echoes what is said; plays with toys inappropriately (watches wheels spin on the car but doesn't play with the car).

The Pennsylvania Department of Education is responsible for providing programs and services to eligible young children under Act 212 of 1990, the Early Intervention Services System Act. The Berlin Brothersvalley School District provides programs and services to eligible young children on behalf of the Pennsylvania Department of Education. For more information, contact the District Office at (814) 635-3670.

Screening

The Berlin Brothersvalley School District and Intermediate Unit 8 has established and implemented procedures to locate, identify, and evaluate students and young children suspected of being exceptional. These procedures include screening activities which include but are not limited to: review of group-based data (cumulative records, enrollment records, health records, and report cards); hearing screening (at a minimum of kindergarten, special ungraded classes, first, second, third, seventh, and eleventh grades); vision screening (every grade level); motor screening; and speech and language screening. In schools which have a Pre-Referral, Child-Study, Early Intervening or Instructional Support Team, the above screening activities may lead to consideration by the teams to move the next level of screening activities. The Tussey Mountain School District and Intermediate Unit 8 has an established an annual schedule to conduct screening activities. The screenings are conducted at specific times during the school year in designated school buildings and community sites. Screening may also be conducted in the student's home school unless other arrangements are necessary.

Parents, guardians or surrogate parents may contact the Berlin Brothersvalley School District or Intermediate Unit 8 contact person if they wish to learn more, have questions, believe their child may need to be identified or to obtain specific information about the times and locations of screening activities. The contact person for each school district and their phone number is listed at the end of this notice.

Except as indicated above or otherwise announced publicly, screening activities take place in an ongoing fashion throughout the school year. Each educational agency has a system for annually evaluating the effectiveness of its screening process.

Evaluation

When screening indicates that a student may be a child with a disability, the school district will seek parental consent to conduct an evaluation. Evaluation means procedures used in the determination of whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively with an individual child and do not mean basic tests administered to or procedures used with all children.

This evaluation is conducted by a multidisciplinary team (MDT) that includes the parent and a group of qualified professionals. The process must be conducted in accordance with specific timelines and must include protection-in-evaluation procedures. For example, tests and procedures used as part of the evaluation may not be racially or culturally biased. The evaluation process results in a written evaluation report. This report specifies a student's eligibility for special education based on the presence of a disability and the need for specially designed instruction. The evaluation report also makes recommendations for educational programming. Once parental consent for evaluation is obtained, the school district has timelines and procedures specified by law, which it must follow.

Parents who think their child is exceptional may request that the school district conduct an evaluation. This request should be made in writing to the contact person in the accompanying listing. If a parent makes an oral request for an evaluation, the school district shall provide the parent with a form for that purpose. Pre-Referral, Child-Study, Early Intervening, or Instructional Support Team activities do not serve as a bar to the right of a parent to request, (at any time, including prior to or during the conduct of instructional support activities, an evaluation.) Parents also have the right to obtain an independent educational evaluation. The school district must provide to parents, on request, information about where an independent educational evaluation may be obtained. Under certain circumstances, such an independent educational evaluation may be obtained at public expense.

Educational Placement

The IEP team develops a written education plan called an IEP. The IEP is based on the results of the evaluation. Required members include at least one regular education teacher of the child (if the child is, or may be, participating in the regular education environment), at least one special education teacher, or where appropriate, at least one special education provider, a local educational agency, the child, whenever appropriate, or beginning at age 14. Parents may agree, in writing, to excuse a team member or members.

An IEP describes a student's current educational levels, goals, objectives (when required), and the individualized programs and services that the student will receive. IEP's are reviewed on an

annual basis. The IEP team will make decisions about the type of services, the level of intervention, and the location of intervention. Types of services include:

1. Autistic Support
2. Blind and Visually Impaired Support
3. Deaf and Hard of Hearing Support
4. Emotional Support
5. Learning Support
6. Life Skills Support
7. Multiple Disabilities Support
8. Physical Support
9. Speech and Language Support

Level of support options include:

- * Itinerant – Special Education supports and services provided by special education personnel for 20% or less of the school day.
- * Supplemental – Special Education supports and services provided by Special Education personnel for more than 20% but less than 80% of the school day.
- * Full-time - Special Education supports and services provided by Special Education personnel for 80% or more of the school day.

Placement must be made in the least restrictive environment in which the student's needs can be met with special education and related services. All students with disabilities must be educated to the maximum extent appropriate with children who are not disabled.

Services for Protected Handicapped Students

Students who are not eligible to receive special education programs and services may qualify as “protected handicapped” students and therefore be protected by other federal and state laws intended to prevent discrimination. The school district must ensure that “protected handicapped” students have equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for each individual student. In compliance with state and federal law, the school district will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services or accommodations needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student the child must be of school age with a physical or intellectual disability that substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for “protected handicapped” students may be distinct from those applicable to exceptional or thought-to-be exceptional students. The school district or the parent may initiate an evaluation if they believe a student is a protected handicapped student. For further information on the evaluation procedures and provision of services to protected handicapped students, parents should contact the Special Education Contact in the accompanying listing.

Confidentiality

Each school district protects the confidentiality of personally identifiable information in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and other applicable federal and state laws, policies, and regulations.

Education records means those records that are directly related to the student, including computer media and videotape, which are maintained by an educational agency or by a party acting for the agency. Educational agency, for purposes of this notice, means the local school district and/or the Intermediate Unit 8. For all students, the educational agency maintains education records that include but are not limited to:

- Personally identifiable information - confidential information that includes, but is not limited to, the student's name, name of parents and other family members, the address of the student or student's family, and personal information or personal characteristics which would make the student's identity easily traceable.

- Directory information - information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is **not limited** to, the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age certain rights with respect to the student's education records. They are:

1. Parents have the right to inspect and review a child's education record. The educational agency will comply with a request to inspect and review education records without unnecessary delay and before any meeting regarding an IEP or any due process hearing, but in no case more than 45 days after the request has been made. Requests should be submitted in writing, indicating the records the parents wish to inspect, to the school principal or other appropriate school official. Parents have the right to a response from the educational agency to reasonable requests for explanations and interpretations of the records. Parents have the right to request copies of the records. While the educational agency cannot charge a fee to search for or to retrieve information, it may charge a copying fee as long as it does not effectively prevent the parents from exercising their right to inspect and review the records. Parents have the right to appoint a representative to inspect and review their child's records. If any education record contains information on more than one child, parents have the right only to inspect and review the information relating to their child.

2. If parents think information in an education record is inaccurate, misleading, or violates the privacy or other rights of their child, they may request amendment of the record. Requests should be in writing and clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. The educational agency will decide whether or not to amend the record and will notify the parents in writing of its decision. If the educational agency refuses to amend a record, it will notify the parents of their right to a hearing to challenge the disputed information. Additional information regarding the hearing procedures will be provided to the parents or student when notified of the right to a hearing.

3. "Destruction" of information means physical destruction or removal of personal identifiers so the information is no longer personally identifiable.

Whenever information is no longer needed to provide educational services to a child or six (6) years after graduation, the information in their education record will be destroyed by the educational agency, if there is not a current request to inspect and review or a request for copies. However, a permanent record of a former student's name, telephone number, grades, achievement, attendance, classes attended, grade level completed, year completed, Evaluation/Re-

evaluation Reports, last three (3) IEP's, and last Notice of Recommended Educational Placement may be maintained in an electronic form without time limitation.

Information no longer needed to provide educational services must be destroyed if requested by a parent. However, a permanent record of a student's name, address, phone number, grades, attendance, classes attended, grade level completed, year completed may be maintained in an electronic form without time limitation.

4. The educational agency will provide, upon request, a listing of the types and locations of education records maintained, the school officials responsible for these records, and the school personnel authorized to see personally identifiable information. Such personnel receive training and instruction regarding confidentiality. The educational agency keeps a record of parties obtaining access to education records, including the name of the party, the date access was given, and the purpose for which the party is authorized to use the records.

5. Parents have the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. "Consent" means: the parent(s) have been fully informed regarding the activity requiring consent, in their native language or other mode of communication; they understand and agree in writing to the activity; and they understand that consent is voluntary and may be revoked at any time. Information may be disclosed without consent to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); person or company with whom the educational agency has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Directory information may be released without parent consent unless the parent has exercised their right to opt out of disclosure of directory information. Parents have the right to refuse to let an agency designate any or all of the above information as directory information. Upon request, the educational agency discloses education records (including disciplinary records) without consent to officials of another school district in which a student seeks or intends to enroll.

6. Parents have a right to file a complaint with the U.S. Department of Education concerning alleged failures by an educational agency to comply with the requirements of FERPA. Complaints may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

7. NDAA of 2002 also requires districts to give military recruiters the same access to secondary school students as provided to postsecondary institutions or to prospective employers; and provide students' names, addresses, and telephone listings to military recruiters, when requested, unless a parent has opted out of providing such information.

Mode of Communication

The content of this notice has been written in straightforward, simple language. If a person does not understand any of this notice, he or she should contact the Berlin Brothersvalley School District or Intermediate Unit 8 and request an explanation.

The educational agency will arrange for an interpreter for parents with limited English proficiency. If a parent is deaf or blind or has no written language, the educational agency will arrange for communication of this notice in the mode normally used by the parent (e.g., sign language, Braille, or oral communication).

Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to: *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED)—

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income other than as required by law to determine program eligibility.

Receive notice and an opportunity to opt a student out of—

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use—

1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who has graduated from high school, or is 18 years old, or an emancipated minor under State law, or has reached the age of majority in Pennsylvania. The educational agency will develop and adopt policies regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The educational agency will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The educational agency will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey. The educational agency will make this notification to parents at the beginning of the school year if the educational agency has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below

and provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

Collection, disclosure, or use of personal information for marketing, sales or other distribution.
Administration of any protected information survey not funded in whole or in part by ED.
Any non-emergency, invasive physical examination or screening as described above.

A parent may file a written complaint alleging that the rights described in this notice were not provided:
