

Berlin Brothersvalley School District Student Technology Program

GRADES K-12
2020-21

BBHS Technology Integration

The Berlin Brothersvalley School District is committed to preparing and empowering its students with 21st century skills by issuing 1:1 technology to all students in grades K-12. Students in Grades K-2 will be issued an iPad while students in Grades 3-12 will receive a Chromebook. It is our duty to ensure that our students are able to collaborate meaningfully, think critically, engage in their creativity, and communicate appropriately in a digitally-connected world. This handbook is intended to outline the District's expectations of proper handling of District-issued devices, Student Responsibilities and Care for their device, Student/Parent User Agreement, and the BBSD Acceptable Use Policy.

What is an iPad?

An iPad is a tablet computer produced by Apple that utilizes an iOS operating system.

What is a Chromebook?

Chromebooks are laptop devices that run a Google Chrome operating system and require a Google user account. All BBHS students are currently assigned a Google user account. Chromebooks automatically update and utilize web-based storage so users do not need to worry about hard drive storage.

Student Device Loan Agreement

A device, protective case, and power supply are being lent to the student for 2020-21 school year. The device, protective case, and power supply remain the property of the Berlin Brothersvalley School District during this time and is being loaned to the student for educational purposes only. The student may not deface or destroy this property in anyway. The equipment is for the use of the student only; family and friends should not use school-issued equipment. Inappropriate use of the device may result in the loss of student device privileges.

The student may not make, or allow others to make, any attempts to add, delete, access, or modify District owned information on any device. The BBSD network is provided for the academic use of all students and staff.

Equipment identification stickers have been placed on all student devices, cases, and power cords. The labels shall not be removed or modified. If they become damaged or missing, contact the technology department immediately. Additional stickers, labels, markings of any kind are not to be added to the device. Students are required to use only the provided protective cases.

Each student has been assigned a student Gmail account through www.bbsd.com. This email is for appropriate academic communication only and is for use only within the school district.

Use and Care of Your Device

- **Bring your device to school every day.** You are expected to be responsible to bring your iPad or Chromebook to all classes unless specifically instructed to do otherwise by your teacher.
- **Charge your device every night.** Be sure your device is fully charged as you enter school each day.
- **Make up work required.** If you do not have your device at school or come to class without a charged device, you are still responsible for all of your coursework. If you leave your device at home for multiple consecutive days, your teacher or principal may request that you bring the device in to verify possession and its condition. Repeated actions of irresponsibility by not having a functioning iPad or Chromebook may be cause for disciplinary action.
- **Keep only school-appropriate media on your device.** Inappropriate media should not be on the device and may not be used as a screensaver or background image. The District-issued iPad or Chromebook should not be used to take photos unless as part of a class assignment or as instructed by school staff.
- **Do not take images, video, or audio without subject consent.** Taking pictures and recording audio or video without permission is inappropriate, and without consent, is unlawful. Taking and posting pictures to the Internet with a school-issued device is a violation of District policy and may result in disciplinary action.
- **Obey copyright.** Individually purchased, legal, school-appropriate media is allowed on your device, however, you may be asked to remove any media files at any time. Illegal downloading and distribution of copyrighted works are serious offenses and carry with them the risk of substantial fines and criminal prosecution. Copyright infringement violates the District's Acceptable Use Policy and will result in disciplinary action.
- **Abide by media content expectations.** Parents/Guardians should partner with teachers and school administrators to set expectations for appropriate apps, content, music, videos, and games on student devices. The following are NOT allowed on student devices: apps rated 17+ or ESRB M (Mature), films rated R and NC-17, television shows with TV-MA rated content, and media rated Explicit Content. Inappropriate content is not allowed, and any violation of this policy will result in disciplinary action.
- **Keep browsing safe through the school filter.** The District's IT department works responsibly to ensure that potentially inappropriate sites are blocked by the District's Internet filter in accordance with applicable laws. Students are in violation of the Acceptable Internet Use Policy if they access sites through proxies or otherwise circumvent the school filter. At home, it is the parents' and guardians' responsibility to monitor student Internet access. For more information on Internet safety, apps, and ratings, please visit commonsensemedia.org.
- **Leave the District-loaded apps on your device.** Do not delete any District-loaded apps, folders, files, or file-management software. Deletion of certain apps or files will interfere with your ability to complete coursework.

No Expectation of Privacy

No one should have any expectation of privacy or confidentiality with regard to any use of iPads, Chromebooks, or bbsd.com Google accounts issued by the District. Without prior notice or consent, the District may access, supervise, view, monitor, and record student use of District-issued devices at any time for any reason related to the operation of the District. Internet browsing history is always logged.

Monitoring Software – School personnel may use monitoring software that allows them to view screens and activity on student devices at any time during school hours. iPad and Chromebook activity will also be tracked outside of school hours.

Files downloaded onto student devices become the property of the Berlin Brothersvalley School District, which may include images, documents, files, and/or apps.
