Laurel Highlands Division Eligibility Rules: The age of the rostered player on December 31st, 2022 will be used in determining eligibility for each division. Consideration of Parental/Guardian requests to move-up, or have their child rostered in a higher age group will be based on final registration totals for each division after sign-ups have concluded. The online registration system will place your child in the age-appropriate division until a change can be considered. Certain divisions also may need to be combined due to lack of interest or participation, but it is our goal to roster at least one team in all the divisions listed above. Along with promoting player development and participation, we are also focusing on maintaining proportionate team sizes at each level.

New Players: First time players are required to bring their birth certificate for age verification. All practices will be held at the Berlin Little League/Softball Field and at the Berlin Community Grove. Our Local Youth League is a member of the Laurel Highlands Youth Baseball & Softball Organization and will play a home and away schedule around Somerset County. Games will be starting at the End of April/May and running through June. Practices will begin as early as March-April if indoor facilities become available to our coaches.

Please contact Josh Milburn or any acting board member with questions or for additional information about our organization. Our annual operating budget is available upon request for potential sponsors or donors who would like to contribute to our group.
