Participant's Guide - Berlin Students:

- Performance ideas: singing, dancing, magic, comedy, dramatic monologue, juggling, yo-yo tricks, mime, gymnastics, reciting poetry or playing an instrument.
- Practice in front of family and friends prior to the audition and the show. Ask for feedback! If you have trouble, modify your act so you feel more comfortable.
- Prepare: Select your clothes and make-up, then practice a few times in full costume.
- Participate in any rehearsals.
- Be professional: If you make a mistake during your performance, just keep going. Your audience is less likely to notice a mistake if you act like nothing happened.
- Pace yourself: Make sure you move around the stage a bit, especially if you're singing, and try to make eye contact with people in the audience.
- Think about accompaniment music if you are performing. Singers: make sure that your CD accompaniment does not have the words on it. If someone is playing piano for your performance, make arrangements to practice with them and give them the music.
- Will you need any extra equipment for your performance?
